Customer Reviews

Author Kari Schoening Diehl has compiled a selection of Scandinavian recipes with flair and

pizzazz. You will find some of the less commonly known recipes, some I would consider with a gourmet twist, in her cookbook The Everything Nordic Cookbook.I was pleased to read her descriptions on how to use lesser known Scandinavian ingredients or ingredients that could be considered toxic, if not used properly.At the end of the book, Diehl included a good selection of Scandinavian retailers where you could find needed cookware, bake-ware or foodstuffs.Some of the recipes you will find in her cookbook include:Herring SaladNorwegian Cucumber SaladSeafood au GratinMeatballsWaffles with Gjetost and Lingonberry JamSwedish Semlor BunsSandbakkelsRecommend.

Omg I love this cookbook! I grew up in a Swedish household and family, so there are many recipes from my childhood in here :) Not only that, there are amazing new recipes I've learned that are now staples in my house, that one day my kids will grow up and say "wow, I remember eating that when growing up!" Nordic food is kinda the bomb :)

This is my second time around, on this great, "husmanscost" (Swedish for home cooking) cookbook, by the author, Kari Diehl of about.com Scandinavian Food Expert fame. I believe that I initially failed to "search through" the book. It is alive with information which is invaluable and otherwise unavailable! The recipes are excellent, broadly Scandinavian, and authentic: It includes exemplary recipes from Denmark, Finland, Sweden, Norway, Iceland and even some from Greenland and the Faeroe Islands! She readily refers her readers to all manner of others: From authors, to merchants, to bloggers and products. She always has an eye out for helpful, money saving tips to offer! Kari Diehl is another author of Scandinavian extraction, along with Marcus Samuelson and Helene Henderson, who was adopted, and partially raised by grandparents, with very touching stories to tell! I am so glad that I came back to purchase this cookbook, again, because of all the things I've learned and all the benefits I have received! I wholeheartedly recommend this cookbook to everyone who is interested in broad /excellent Scandinavian home cooking and entertaining!

I have now worked my way through about 12 different dishes, all of them delightful successes. I hope to continue busting this thing up six ways from Sunday, for another year or two. *This* is the way to get significant Nordic-specific cooking chops.Certainly a better way would be your old Grandma showing you how to do it in the kitchen real-time while you try to notate whatever the hell mutterings into something you can read later. But sadly these options aren't available unless you do them well ahead of plan.So in the meantime do them well ahead of plan with your granny. Then get

the book.

I am of Scandinavian heritage so I was drawn to this book. And I love it. The recipes for Saffron Bread and 10-Minute Chocolate Coffeecake were especially good. I loved the recipes for Poached Salmon with Green Sauce and Gingerbread Meatballs too. Beautifully written with nice anecdotes throughout.

What a wonderful cookbook. There are so many great and authentic recipes in here. There aren’t many photographs, but the recipes work! If you are Nordic, or are interested in their cooking, check this out. You won’t be disappointed.My copy arrived perfectly and was in great condition. :)

I’m looking forward to making some of these recipies! I have an Aebleskiver pan coming and I’m really looking forward to making them!

Recipes are easy to make. Good variety in the cookbook for all types of meals. With family from Norway I challenged myself to make an authentic dinner. I received a lot of compliments from the family! Even if you are not "Nordic" it is a good cookbook for all seasons..
