Customer Reviews

My daughter used these books with her tutor to learn violin. They seem to advance at a good speed not to fast, or to slow. And I help her do her homework so I have even learned a little from them.

Great for preschool-1st grade music education. Great tool for home schoolers!

The students all love this series - It is easy to understand, fun and interesting. Colorful and relevant. I use them all.

Very sarisfied.
