Synopsis

Updated in its 4th edition, Global Issues is a current and topical look at the forces driving globalization. From democratization, human rights, and global finance to terrorism, pandemics, and climate change, this texts surveys global problems that transcend boundaries and are challenging the international system. This is the only text of its kind to place complex issues into comprehensive context and thus explain the growing political, economic, and cultural interdependence visible in the headlines and in readersÃ¢â ¬â„¢ lives.

Ã¢â ¬Å“Payne engages students through comprehensive and systematic coverage of emerging global issues; his book is packed with information, analysis, and questions for students to discuss and debate.Ã¢â ¬Â•Ã¢â ¬â •Boyka Stefanova, University of Texas-San Antonio

Richard J. Payne is Distinguished Professor of Politics and Government at Illinois State University.

The book I believe was fine UNTIL it went through shipping and I received it permanently bent and creased down the middle, pages folded and crinckled, and the corners of the book were smashed in... Bummer, because now it will be harder to re-sell, but it worked fine for a college class anyways :)

Although this book was at a very good price, the downloaded version was not compatible with any device that I owned. I even downloaded the kindle app on my phone, computer and tablet, stil would not work. Be careful when purchasing this download, I wasted my money!

The book was correct but as I started looking through the pages they started falling out so I had to tape them back in. Other then that it was a great rent due to saving about 60.00 from having to purchasing it from the book store.

Rented it. Great book with chalk full of relevant information on global isssues. I haven't read it all with classes going on and all, but hope to finish it.

The book has good flow and keeps you engaged throughout each chapter.I bought it for ECON 4560 at OSU & have been reading it on my laptop (love the search feature and auto citation that the kindel reader provides)

Book is a good read. Very easy to understand. Terms and definitions very helpful. Highly recommended to other interested students.

Its a pretty good book, covers a large volume of material, has alot of terms thou

Really interesting book and it great shape with a affordable price. Thanks.
