Grade Level: Kindergarten - 3

Customer Reviews

PreSchool-Grade 2Ã¢â ¬â œStudents and teachers of conversational Hebrew, as well as families interested in introducing the language, will appreciate this picture dictionary. Basic Hebrew words for parts of the body, members of the family, clothing, the house, school, playground, city, grocery store, bedtime, bath time, a birthday party, the zoo, the seasons, numbers, and colors are included. All are written in block letters with English transliteration and translation. Each spread includes a large, detailed illustration with the individual items clearly identified along the bottom. The color cartoon art is cheerful and contemporary. At the back of the book, a word list is organized alphabetically in English and includes the Hebrew words and corresponding page numbers. All in all, this is a wonderful resource. It's more sophisticated than Schlomo Peterseil's Fun with My First Words (Pitspopany, 2001), more child-friendly than Howard I. Bogot's My First 100 Hebrew Words (URJ Press, 1993), and less intimidating than Heather Amery's The First 1000 Words in Hebrew (Usborne, 1985).Ã¢â ¬â œRachel Kamin, Temple Israel Libraries & Media Center, West Bloomfield, MI Copyright Ã Â© Reed Business Information, a division of Reed Elsevier Inc. "...lively, engaging and completely in tune with both the interest and the developmental stages of young children." -- Ottawa Jewish Bulletin

I’m a homeschooler and we were studying ancient Israel recently. I bought this book so my early elementary kids could learn something about Hebrew. I really liked the book, but I am only giving it four stars because there is no page with the alphabet on it! I thought the word lists included were great for beginners, and WONDERFUL how it includes the phonetic pronunciation in English along side the English and Hebrew spellings. But no alphabet page? It would have been perfect if only it had!

This is an AMAZING BOOK! It is easy to read I love that it is shown in English, Hebrew and how to say it in Hebrew. It is easy for the kids to read as well as adults. it is full of words that are every use words for kids and I love that about it. I would recommend this to anyone looking to learn Hebrew or to anyone trying to teach a child

Very clear and beautiful and helped me to revise much of the Hebrew I learned in Israel when I was young. Suitable for adults as well, my age is 57.

It’s very helpful and I like it.words start from summer, fall, winter, and spring are pretty good, and I like it.I try to remember one page words a week, but I have other hebrew children book to read,so it’s OK a page a week,thank you for this good book. I like the compile and print, the illustrations are beautiful.

I bought the Kindle version of this book. I like electronic books because I have access to a small library where ever I go besides saving forests. Unfortunately this book is useless because the print is too small to read. This is the only electronic book I have that I cannot enlarge the pages. I use a Apple Ipad mini with a kindle program on it.

My grandson loved this book! He learned so much and in no time was labeling everything in the house in Hebrew

this is a perfect book for all age (though mostly for school age children). if you want to learn some Hebrew, this is a fun way to build your vocabulary. would definitely use other books from this author and products from the publishers and sellers.

This was exactly as stated, arrived promptly and is a very good book for beginners. Good transliteration, good word choices, nice pictures and shows Hebrew print for easy association.
