"Jim Posewitz has emerged as a leader in ensuring its [hunting] place in American Culture."--Spokesman Review

Beyond Fair Chase is for anyone concerned about the future of hunting. In simple but powerful text, it describes the ethical way to hunt, from preparation to shooting to care after the shot. Never before have so many issues been linked together in an ethical context. 'Jim Posewitz has emerged as a leader in ensuring its (hunting) place in American Culture.' - Spokesman Review

Jim Posewitz's pocket-sized book on the ethics of hunting measures about 6 inches by 4 inches, and 3/8 of an inch thick. In many states, hunting licenses are about 4x6. I wish this book was attached to every hunting license out there. The size and the price obviously were designed to make it easy to carry and afford. Alas, this only works once it is in your hands, and it needs to be in many more hands.If you think a license to hunt means using whatever technique to get whatever animal, then this book really is for you. However, if you are interested in this book, I am not describing you. The folk that pick up this book are thinking ethics already! At our local indoor shooting range there is a sign in every room: "The future of hunting is dependent on hunter

ethics."Jim Posewitz would agree. Get lots of copies, and distribute them widely.

Good book and good product.

This book clearly defines the ethic of modern hunting in America. Mr Posewitz spells out why hunters need to remain highly ethical and provides examples of ethical decisions in the field. More hunters need to read this book.

Excellent book on Ethics and how it can impact your life in a positive way. You don’t have to be a hunter to understand the life lessons this book offers.

i was first given a copy of this book when i took my hunters ed course,i now purchased several copies and give them to new hunters i turn on to hunting,great insight to principles of being an ethical hunter,even non hunters will appreciate the love for the outdoors this book inspires

This excellent book guides the reader through the thought process for becoming an ethical hunter. The author also advocates for the reader to become a mentor for other hunters, a responsibility that we all share. Although the book is fairly small, it is packed with wisdom and ’common sense’ insights.

Must read for hunting licensing in WA state.

Very good, easy read
