Synopsis

This is a collection of dirty tricks used to catch criminals, cheats and fraudsters. Customer Reviews

Disappointing for the most part. Added little value to my life other than things to look out for in certain circumstances and I am not a "bad guy".

Honestly I found this book boring. None of the tricks were all that tricky.

Not a big fan of this one. A few good ideas, but a little shady.

Pros: Some of these tricks are truly secret, like the one on how cops catch underage drinkers in a bar. All of the Interview and Interrogation tricks are good and some are very, very good! Even though many, but not all, of these trick may be online, who wants to search all over for them? The book is an easy, fun read. And it cost less than my morning coffee and bagel!Cons: Not all the tricks are ÃƒÂ¢Ã â ¬Ã Å“winnersÃƒÂ¢Ã â ¬Ã Â•. I already knew some of the computer tricks and to spoof my phone number. Some of these you could probably figure out on your own eventually, but for the price I would rather just learn them here.Overall, totally worth the read!

With the reviews here and at this price point I had low expectations... It easily surpassed them. A fun lazy afternoon read.

It really isnt bad. It isnt stunning "CSI" level technical revalations but there are some diamonds in the rough.

I found the book to contain useful information, but it had many typographical errors. That’s why I gave it 3 stars.

Idiotic nonsense for the adult Middle School nerd-boy.
