Yet another hit from a great author. This book has a strong anti-bullying message to go along with an amazing story-line. My nephew and I absolutely loved it. Pure excitement from beginning to end. You really can’t go wrong with any of BK’s books and the fact that there are paperbacks to many of the books now, including this one, is just the icing on the cake since he can share them with his friends even without a smartphone or tablet. We look forward to seeing what the next character will

be and my nephew can’t wait to share this one with his friends.

I got this set of books for my stepson who loves Minecraft!! He was thrilled with them!! This set allows you to experience the life of each character and see how they interact and what they’ll get into next!! The book is fun, yet teaches a valuable lesson about bullies. All of this is bound in paperback form with easy to read dialogue. This set of "Diaries" is the perfect addition to your young readers library. They’re going to did into each one with excitement!! My stepson thoroughly enjoyed the "big reveal" at the end of this one and can’t wait to delve into the next!! I highly recommend this book and the entire set!!

My 12 year old son liked reading this book, very nicely describes the life of Mr. Awesome, the villager armorer! This book involves a bully that Mr. Awesome has to eventually confront and defeat. Long story short, bullies are not cool and eventually will go down because nobody likes a bully! I got interested in what my son had to say and so I picked it up and read it, easy read but there is a great lesson to be learned

I purchased this book and several others in the Diary of a Minecraft series for my nine year old cousin. He was so excited to receive them. I was glad to see he was happy with the gift because he’s not a huge fan of reading and I’m hoping these Minecraft books will help him attain his summer reading goal for school.

This is a cute reading book for Minecraft fans. Suitable for both kids and adults. I even enjoyed it. The book isn’t long, so kids won’t lose interest. Easy to read and some nice lessons learned along the way. Highly recommend.

Loving all these books, they all seem to have some sort of a lifes lesson in the story, I am seeing why they are number 1 sellers, I highly recommend your children to read these books.

It was a really good book. Short though. Wish it was three times as long. Thanks for writing it. Bye

I loved the book. It made me want to turn the page again and keep reading, but the story was over! Please keep writing great stories.ÃƒÂ Ã Å¸Ã Â•Ã Â•
