Synopsis

The Sleeper SEALs, are former US Navy SEALs recruited by a new CIA counter-terror division to handle solo dark ops missions to combat terrorism on US soil. Protecting Dakota Dakota James’s life has become the stuff of nightmares. The leader of the Ansar al-Shari’a terrorist group has become obsessed with her, determined to take her as his wife. On the run, she’ll have to pin her hopes on the retired SEAL charged with finding and stopping Aziz Fourati before he can carry out plans to bomb more US airports. Recently recruited to join a sleeper SEAL team tasked with fighting terrorism on US soil, Slade "Cutter" Cutsinger, with the help of some Special Forces friends, has located the one woman who can identify the deadly Ansar al-Shari’a leader. That was the easy part. Keeping her safe proves more difficult than anyone ever imagined. When she and her new friend, Caroline, are kidnapped by the terrorist group, Dakota can only pray Cutter and the SEALs will reach them before they’re taken out of the country - and away from Cutter forever. Protecting Dakota is a part of the SEAL of Protection Series. It is also in the Sleeper SEAL connected series. Each book is a stand-alone, with no cliffhanger endings. Each book in this multi-author branded series is a standalone novel, and the series does not have to be heard in order.

Susan Stoker pulled me into this book immediately. Now, I’m not good at writing these, so here goes & I’ll try to not give any spoilers. First off we got to briefly meet Slade "Cutter" Cutsinger in a previous book, so I already thought he was great. I liked watching Dakota, because of Cutter’s help

& protection, learn how strong she was. You get to see old friends which is always fun. Susan keeps you turning the pages to see what's next because you know there will be some danger, some romance and some snark, and as I said - who might show up, and a great HEA! And it will all be awesome! She NEVER disappoints! Run, don't walk to order this book!!!

Loved the final book in the Protection Series! Slade was the Navy seal that you would want to protect you! He comes out of retirement to find Dakota! He finds her near Las Vegas but then the suspense starts with the terriorist wanting Dakota as a wife! I love the Navy Seals and the last part of the book you need to see why Slade breaks into the shower on Dakota! It was refreshing book because they were an older couple and it was fun to see the instant connection!

Protecting Dakota by Susan Stoker is book one in Ms. Stoker's new Sleeper SEALs series and if the rest of the series is anything like book one it's going to a fantastic set of books. Ms. Stoker has out done herself with this new series. She has created a realistic story-line taken from todays headlines. Added to Ms. Stoker's well developed story-line are her main characters who are authentic people with very real and very scary problems. This is great romantic suspense novel that is well worth reading and I eagerly recommend that read you read this book.I received this book from the author and I am freely posting this fair and balance review.
