Customer Reviews

North Light is known for beautiful, colorful, nicely written arts and craft books, and this book, aÃ Â lovely roundup of mosaics how-toÃ¢â ¬â„¢s, snugly fits theÃ Â mold. In addition, itÃ¢â ¬â„¢s a fine companion toÃ Â GraceÃ¢â ¬â„¢s previousÃ Â Wild Tiles (2006).Ã Â A chatty, personalized introduction heads each ofÃ Â the 20 mixed-media projects,Ã Â which range fromÃ Â abstract- and folk-art inspiredÃ Â to just plain fun. Buttons, glass, bottle caps, and imagesÃ Â pruned from magazines are but a few of the odds and ends Grace uses toÃ Â add color and dimension to everything from a wall hanging to a tabletopÃ Â to a doormat.Ã Â A few of the projects are quite

simple, but even with GraceÃ¢â ¬â„¢s introductory section on tools and materials and her clear instructions, most are probably for those with some prior acquaintance withÃ Â ceramics or glass (a few also require a kiln) or with the patience to go slowly as they learn something new.Ã Â ItÃ¢â ¬â„¢s hard to resist the color photo illustrations,Ã Â though, and theÃ Â enticing projects will call out to crafters. --Stephanie Zvirin

Chrissie Grace is a mixed-media mosaic artist and the author of the very successful Wild Tiles. Her work is licensed in the stationary and gift industries, and she teaches workshops across the country. To learn more about Chrissie's work, visit her Website at www.chrissiegrace.com and her blog at www.chrissiegrace.typepad.com.

I have tons of tiling and mosaic books. This one is now one of my favorites. It is fun and quirky; the instructions and illustrations of the steps are very clear. Some instructions are repeated throughout but I like that. I hate having to page back to find out information that is relevant to the project I am working on.

Perfect book for me, I love to learn new techniques, and this seems fairly easy to understand, especially for mixed media application.

This is a good beginners book. Alas, I am more advanced in mosaics and this book covered the most basic beginning items for beginners. I do recommend it, however, for those who need to learn about the tools and methods to implement their mosaic art.

I have Chrissie Grace's book Wild Tiles and have really enjoyed it. Tiles Gone Wild is consistent with her first. I have been searching for a long time for specific instructions for tempered glass mosaics and finally found them in this book! As a mosaic artist I am always looking for something new and fun and I found it in Tiles Gone Wild.

Good information for mosaic beginners. You can easily alter the projects into your own creations. This is a good book to have in your collection if your into mixed media projects.

Good book, very good information.

This author is the best! I love all her books. Her ideas are very different and she is inspiring for my kind of work.

Love the inspirations and ideas within. Once I found these books I was in Heaven. Thanks to the recycle crazies.
