Customer Reviews

I bought this piece of music for friend who plays for her own enjoyment. I already this particular version which I thought was a little too simple, so I tried a more advanced version, but it turned out to be too hard for me to easily master.This version can sound quite good if played well with a lot of feeling. That helps to cover up how simple it really is.I gave it five stars because it was perfect for my friend and I knew ahead exactly what I was getting.

I love this piece of music. I was pleasantly surprised that it is indeed a rather simple piece of music to learn. I'm a beginner and it took me awhile to learn it. The reward of practicing for several days was worth it. I am not disappointed with my purchase.

What can I say, but it is a beautiful tribute to Paganini. Easy music to play.

This is very easy and made for beginners, I was looking for a more advanced arrangement (which I had searched and this came up so I thought it was what I was looking for). I'm really sad that I didn't read the other reviews, first. There should be a way to view the music before purchasing so we know, exactly, what we are buying.

Love it

This is a beautiful and simplified arrangement for all intermediate pianists.

I really, really love the original piece and wanted a simplified version but this is way too simplified. It sounds nice but very simple. Played it right away at first sight reading.

Was everything I expected! Now! That will be the day when I get my sister to learn to play this tune for me! Thanks.
