This is one of the sweetest books we have gotten so far from the Fun-Schooling collection! This is one my girls like to bring to church and work in. I have also found them working in them while we are in the car and out and about too! I have had so many people from church ask about this book and where we have gotten it from! I never really understood the passion my girls have for learning

verses from the Bible and applying them to life. The last photo I attached is something my daughter made and wanted me to keep where I can always see it. It's her favorite verse so far :)For around $12, it makes a perfect gift for anyone! Christmas is coming up and it would be a GREAT stocking stuffer! I

Great reader that works perfectly for my daughters hands-on learning style. She reads the verse, there's a place to color it, then to write it! Wonderful book.My only criticism is that the first couple of pages were off, not centered at all.

Such cute Bible journal. I love this approach to learning scripture and new vocabulary.

This is a really wonderful addition to our Homeschool curriculum. This book is great for memorizing scripture, vocabulary, and spelling with a delightful mix of art and coloring. My 9 year old loves this book! The book is recommended for ages 6-9 but I think older children would enjoy the fun scripture as well.

Super cute little book! We put these in our boys Easter baskets & they love them! We often use them in the morning to start the day or take along with us to church too. Lovely!

We LOVE this Journal!! I use it for my 3, 5 and 7 year old!! Makes it super easy for them all the remember bible verses!! Each of my kids have different reasons for loving it!!

I'll be buying more of this brand. I have one child struggling with reading, and 3 younger budding readers. They all love their copy of this, and don't want to stop at a page or two in a day. I'll be buying other titles in this line, for sure!

My daughter loves the coloring & drawings in this book. She prefers the copywork to the color the words, but it's helping her spelling & reading in an enjoyable way. It's also helping her draw better.
