Synopsis

The Nigerian Dwarf Goat is a miniature goat breed reared by goat lovers across the globe. You can accommodate the Nigerian Dwarf Goat in your backyard reasonably easy. The feeding costs are affordable as they are less than the feeding costs of other barn goats. It is important to understand when you are bringing home a pet goat that this animal needs special care and attention. If you are planning to bring home a goat you must invest a lot of time doing your homework and research about this animal. You must be sure that you can take on this responsibility before you make a commitment. This book covers all the subjects including choosing your goats, how to take care of your goats, how to feed them and how to ensure that they are always healthy. This book is perfect for a first time Nigerian Dwarf Goat owner. Covered in this book: - History - Things you must know - Where to buy - Making a home for your goats - First days at their new home - Housing - Daily care - Seasonal care - Feeding - Grooming - Understanding goat behavior - Training - Transport - Milking - Breeding - Health and well being .... and a lot more.

Customer Reviews

If I could give it zero stars I would. This book is not at all a reliable source for anyone looking at getting Nigerian Dwarf Goats. I agree with the previous poster about the just replacing other animals with the word "goat" into text that was written about something else. In the section about housing the author refers to Nigerian Dwarf goats as Pygmy Goats. They also frequently call a goat shelter a ’coop’ at times. Other places in the book, the author has inadvertantly called the goats other names at times, such as chickens, Pygmies, etc. An example of the ridiculous mix up of breeds in this book

is on page 38 where the author writes, "The Nigerian Dwarf Goat: as you know this goat is also called the Nigerian Dwarf Goat because of its characteristic 10 second muscle freeze when shocked or surprised. These goats are very special for goat owners because of their characteristic fainting abilities, of course but also for their amazing personalities. To honor these goats, there is a special Nigerian Dwarf Goat Festival that is held in Tennessee each year. The festival has several cultural displays and food stalls and is as large as any typical festival!" What the author is referring to is the Myotonic Goat, NOT a Nigerian Dwarf. Please don't waste your money on this book. It should never have been printed. I wish there had have been reviews on this book before I purchased it in March!

I am really happy with this book. I am an experienced animal owner with cats, dogs, horses, reptiles, and rodents, but I hadn't tried goats yet. I got my two Nigerian dwarf wethers from a friend who was closing her petting zoo, and I just needed some basics on goat care as I won't be breeding or milking. This is a great little book that explains everything quickly and efficiently. It's easy to read and understand. I recommend it as a basic book for first-time goat owners.Per what the one-star commenters said, I did not see the mistakes they saw, and I am a technical editor and transcriptionist by trade. Perhaps those errors were corrected before I bought the book as my copy doesn't have those mistakes in it.

Ludwig Lorrick's "Nigerian Dwarf Goats as Pets" is a well-organized book that covers all the important aspects of raising a lovable dwarf goat pet. The book starts with the basics, such as the property requirements for a goat owner, then moves onto more advanced topics, such as vaccinations. The writing is clear and simple, making it easy for a goat newbie like myself to understand. A good buy for someone interested in getting a Nigerian Dwarf Goat.

This is a very informative book with simple suggestions! I do recommend it for new Nigerian Dwarf Goats and by the way they are so adorable and loving.

Good book would recommend it.

Good Book

Serious and significant errors in this book!!! HIGHLY advise not spending a cent on this book!!

Looks as if they took a book about other animals (including chickens!?!) and just replaced the previous species word with "goat"!! Horrific to think that people will buy this and believe it's true!?!? Horrific!! Do not waste your money!!

Very disappointed. After raising standard goats for 11 years I just moved to the Nigerians this year and we are in love with them. I was looking for a book specific to the breed that would help me understand them better, and their care better. This book was not helpful at all.
