Not that I'm an expert in the bible, but I do have some knowledge. This seems best for the novice bible reader. Simple terms, good ideas, things to think about.

Our Connect Group has thoroughly enjoyed this study, and I would without any reservation encourage other small groups to take up and dive into this study.

All its advertised to be. Amen!

I highly recommend this book for bible study groups!!!!

This was a good curriculum even for mature believers. It was well presented.

Very good Book and study.

I found this on RightNowMedia and use the videos there to support my ladies small group study. It is 8 sessions, but you can park on any chapter longer than one week if you want to really explore. This book delivers on its promise! So good!

This is a great read if you want to quickly find out what the Bible is all about.
