This book presents timeless principles in a clear and simple way. It's s perfect read for anyone young or seasoned looking to build or strengthen their character though great readings.

Great, practical book with wisdom for everyday living.

We love this book. We have read this book a couple of times as a family. The Character Building ideas are fantastic. Great book!

I am 16 years old and have had a few problems finding myself and figuring life out; I'm close to God but not drastically and as close as I should be but this book has changed my life! I read one or two chapters a morning or before I go to bed and I honestly have no words to describe how powerful the few pages I have read have made a difference. What I think is so great about this book is that although it is a catholic book I was a little skeptical it would be harder for me to read because it would be more like a bible but it is a perfect balances of god and actual advice/character success tips that keep me reading! I base almost everything I buy off of reviews so when I say this is one of the best books to motivate you to do better in your life and find peace and happiness, I mean it! Great buy, I'm looking forward to buying more in common after this.

Provides insight and guidance on living a positive, fulfilling, meaningful life without being preachy. Thoroughly enjoyed and was an easy read.

This is by far the most comprehensive and in depth self improvement book that I have read in 40 years. This book is not only good for children, but also an excellent reading for adults. I have been reading this book to my children (age 5 to 16) and have discussion with them every morning. The children have behaved much better since. Even for myself, I have learned a lot from this book. The chapters are very well organized and structured.Beginning chapters explain why character is important, then talk about character is something we all can do something about. It is not something that is determined by your gene or dictated by the environment that you grow up with. Important point is that you can change it. Next, talk about that it is important to have a meaningful goal so the character that you are developing is driving towards that noble goal. After that, each chapter talk about what it takes to improve...such as perseverance, through study, through learning from your own mistakes, learn from others, develop good habits, etc.It is based on catholic belief so it devotes one chapter for each of the virtue - prudence, justice, temperate, and fortitude.I have described so far about half of the book. There are much more to learn in the 2nd half.It is a book everyone should keep and read every year to refresh and meditate on. I will definitely make every one of my children to keep this in their future homes. It was written by a Jesuit priest over 75 years ago; however, the wisdom is absolutely applicable in any era.

With 32 chapters of about 3-4 pages each, this is a great daily devotional not just for Catholics, but for all who want to live a life worth remembering.

Speedy shipping, great price!
