It should have a place in the libraries of barristers and solicitors and certainly a place on every serious law student's bookshelf.The new edition of Black's Law Dictionary continues to provide a comprehensive and authoritative coverage of English and American legal terminology....its reliable and up-to-date definitions in plain (American) English make Black's Law Dictionary an essential tool for both scholars and practitioners. Construction & Engineering Law.

Acknowledged by linguists and lawyers alike as THE authority in legal language and usage, his influence is both far-reaching and profound. Mr. Garner has has a hand in editing the most important legal references produced in the last decade, as well as in training lawyers and judges on sharpening and clarifying their own legal writing. In short, no one better bridges the worlds of law and language--nor is better suited to take on the classic work and make it better.

When I first decided to buy the Dictionary, and saw the price for a new one, I thought, Wow it would be a long time before I set aside enough money to buy one. Then I came to , and was shocked at the price. Then when I ordered it, I worried that the quality of a used book would be disappointing. I was wrong. Even though it has been a long time since I purchased this book, it is still in great shape, and we have read it, abused it, and it is still in great shape.Thanks for the great buy at a fraction of the price for new!

Not as pictured. Not as described. Not pleased. There were a few listed from different sellers and I paid extra for this one because it was listed as AS NEW. This appeared to be a library book. It had a bar code sticker that someone tried to remove. The corners were taped. I will never buy from this seller again.

Everyone should have a copy of this easy reference guide to the legal system. It's a dictionary and not a daily reading book.

How can anyone complain about Black's Law Dictionary? It's the standard. Very helpful for looking up terms of art. Not sure it's necessary now that everything is on the Internet.

The book is exactly as described. It is a bit worn, but in good condition. This is a big book with lots of info worth reading! I highly recommend Black's Law Dictionary! This is a reliable source to buy from! Thank you for supplying this book for such a good price!

Thank you
