Synopsis

This text was designed to be a realistic introduction to American law for students from civil-law backgrounds. It shows that American law is neither a pliable common law that allows judges to make law at will, nor a static system. Rather, it presents American law as a complicated mix of statutory and common law that often interact.

Book Information

Series: American Casebook Series

Customer Reviews

it was extremely highlighted and annotated, but good deal anyway

Good casebook

The book was almost new, with only a few words highlighted and a couple of notes from prior owner, I’m sorry I can’t post a picture now but I like to make notes and highlight my books so I’ve done that in this ;)

Very good book

Great book.

I could not believe it. I bought a brand new book for 1/4 of what the retail price was. Is in perfect

condition and arrived in a timely manner. I could not have done a better deal!

Everything was good. The price was good and the book was in good condition. It was a little highlighted but it is good

Though it takes 4 days for the book to reach me, I was very happy to have a 99% new book at a half price!
