Synopsis

Third volume in the "Eyes and No Eyes" series, introduces children to the wonders of plant life through examination of a variety of plants, including the cabbage, the turnip, the cucumber, and the rose. In addition to becoming familiar with the structure of plants, the reader discovers how seeds grow, how insects help, and how plants defend themselves. Through this book children are inspired to become keen observers of plant life as they collect specimens and study plants in their natural habitats. Seven color illustrations and numerous black and white drawings complement the text. Suitable for ages 8 and up.
