Ã Â My book did not have the "children" type of pages that another reviewer posted. All of my pages were adult and wonderful. Being an avid horse person this is by far my favorite adult coloring

book and I am very, very pleased with this book. Copyright 2015. The only thing I would change is make the pages bigger. Some of the designs are so small and intricate that it may be challenging to have a colored pencil tip small enough to not run over the line. But, certainly wouldn't deter me from ever buying this. I would definitely buy this again.

I bought this for my 11 year old daughter and she loves it. Some of the pages are easier and some are much more detailed. The details are small so I would recommend getting a nice set of colored pencils. My daughter hasÃ Â Prismacolor Premier Colored Pencils, Soft Core, 24 PackÃ Â which sharpen up nicely. Anything that wont hold a point probably wont work too well. Hours and hours of fun.

quality is so-so...some of the coloring spots are so small, that you would need a colored pin prick not a colored pencil to reach them. Wouldn't buy again.

This is not one of my more favorite coloring books. The paper used is very poor quality making it impossible to use markers. Most of the pictures look as if they were cut out and then photocopied onto a new page. The drawings themselves are poor quality and the patterns within the drawings are hard to color due to size, and shape. Overall I did not like this coloring book at all.

Misleading... there are only 2-3 drawings in this book that are of the quality shown on the cover, many are cartoonish and appear to have been drawn by children. The few nice drawings in it are duplicated in the other adult coloring books we have. Will either return or give to my 4yo for a coloring book.

Very low quality compared to other books, the patterns look as though the shape of the horse was just cutout and pasted to fill the silhouette. They don't correlate with the figure at all on most pages. I will stick to books done by specific artists.

I purchased this coloring book for my daughter for Easter. It's ok. I feel the pages are a little on the thin side. She hasn't used yet. I feel that the pens/markers will bleed through. Haven't tried yet.Some of the pictures do not look clear. They appear a little blurred.

I like this book but I couldn't give it 5 stars because it doesn't have perforations allowing the pages

to be easily removed. I like to take the pages out of my books to color them.
