Customer Reviews

The Baja California Sur relocation guide by Manny Serrato is a fantastic read. Manny lays out his relocation guide for multiple areas in Mexico, such as La Paz, Cabo San Lucas, San JoseÃƒÂ¢Ã â ¬Ã â„¢ del Cabo, Los Barriles, MulegeÃƒÂ¢Ã â ¬Ã â„¢, Todas Santos, and Loreto. This guide is for the person who wants to leave the U.S, and start a new in Mexico, the right way. Manny gives a candid education on what he has experienced with this particular endeavor, and he lays out all of what you should expect when you start to think about your new life in these areas of Mexico. Every area listed is covered in detail, the good, the bad, and the reality. He also goes the extra mile with intel and even gives you the means in which to reach the immigration attorney he

himself employed. Every possible step and question you may have is considered in this guide. Manny leaves no stone unturned and truly gives a first hand account that is well worth the money. This type of knowledge that you only learn from personal experience is what sets this guide apart. I strongly recommend this guide for the ones who want to start out their new life in Mexico with not only the bare minimum, but, leaps and bounds ahead.

I found this guide is extremely helpful and detailed! It takes you through the entire immigration process beginning with an interview with a Mexican immigration attorney. From there it goes over some basic questions that apply to everyone but mostly focus on families and raising kids. After that section it takes you on a journey through all the different cities to get a feel for each vibrant, unique area. It gives the pros and cons of housing, weather, transportation, healthcare, and more. The advice and experience of the locals was a nice touch that made it feel more welcoming and less intimidating. It truly made it seem like there was something for everyone in this region, no matter your interests, hobbies, or stage in life. It ends with a section about schools which is exceptionally useful for parents. Overall I found this guide to be insightful and an easy read.

I enjoyed the details this book offered. This is a wonderful account for anyone considering making this life changing move. The details give a fair and rounded picture of the area and the people. Very realistic and good information for those wanting to visit as well those looking to move. All around nice easy read.
