Grade Level: 1 - 3

Customer Reviews

Susan K. Marlow is always on the lookout for a new story, whether sheÃ¢â ¬â„¢s writing books, teaching writing workshops, or sharing what sheÃ¢â ¬â„¢s learned as a homeschooling mom. The author of the Circle C Adventures series and the Circle C Beginnings series, Susan enjoys relaxing on her fourteen-acre homestead in the great state of Washington.Leslie Gammelgaard, blessed by the tall trees and flower gardens that surround her home in Washington state, finds inspiration for her artwork in the antics of her lively little granddaughter.

Who is Andi? A precocious 5 year who is soon going to be turning 6 and thinks she is now big enough to have a horse of her own, rather than her pokey little pony, Coco.The story is set in the 1870's so at a time when horses were valued as transportation, working aids etc. Andi lives on a ranch with her family and her chore is to pick up eggs each day. Unfortunately Henry the Eighth, the rooster, doesn't like Andi and so on this particular morning after declaring herself "big enough" Henry chases Andi and she ends up with smashed eggs all over her. (Our kids thought this was

hilarious as we live on a farm too and once in a while get a nasty rooster!)Will Andi come to appreciate Coco or will she continue to want a horse? Find out as Andi and her friend Riley, who is 8, head out for a ride - Andi on Coco and Riley on his horse, Midnight.This is a chapter book for independent readers or in our case, great as a read aloud for the whole family to enjoy. The activities, coloring sheets etc available on the author's website are SUPERB! Great lessons to learn in this book. Wholesome reading. HIGHLY RECOMMENDED from our house to yours!

When I asked my daughter how she liked this story, she replied tons! This book taught one should be thankful for what you have. The book also talked briefly about praying to God when one is afraid and unsure what to do. Really engaging read. We plan on buying more in this series.

It was a great book I loved it hope you like it as well. Great ending to best book ever.

We read this book together with my kids and they wouldn't let me put it down. We had to keep reading to find out if Andi would get the horse she wanted despite all the trouble that seemed to follow her way.

This is going to be my 6 year old's second chapter book. I just know she's going to enjoy it as much as she enjoyed Natalie.

Perfect!

My 7 year old really enjoyed this book.It also has online activities that link to this book [..]

My 9 year old is loving this book series! She also loves the activity sheets & lapbook project that goes along with it. I met the writer at a homeschool conference & looked over the curriculum there. Very well laid out, beautiful pictures and easy to follow for kids with independence! Now she wants to order the paper dolls that go with it!
