Baseball is Back is a classic piece of modern American baseball literature for anybody who loves baseball. Those of us who grew up with the game as kids, and who raised their own children to love the game as well, will find special meaning in this children’s book. Some of my best parenting memories are taking my kids to ball parks when they were young, and we always find time for a game to this day.This book will always have a special place in my heart not only because of its love for our American pastime but also because I had the privilege of working and traveling around the world with the author!Do yourself, and your kids, a favor and take the time to read and enjoy Michael’s book.

This is a love story from a Dad to his daughter’s. We loved it and shared with the whole family.Having an avid baseball in our family has always made watching the game so much better.This was a great view of how baseball works and how as my husband always says,"Baseball is real life".

Ordered this book to read with my daughter while we're overseas in Cameroon. Wanted something to connect her to the States. Loved it! She is really excited now, as a result of reading it, about us attending her first game together when we get back home.

This book is great! It weaves an introduction of the rules of baseball with the history and culture of the game, all while making it fun for kids. Recommended for children of all ages!

So thankful I picked up this gem to introduce the national pastime to my twins. Michael is a loving, imaginative author and brought the game alive! Can't wait to get my rug rats out to see the real thing.

This is a wonderful children's book that gracefully introduces a father's love of baseball to his children. The author weaves in the rules and culture of baseball, while drawing from the greats of the game. Our two boys loved it!

My 8 year old daughter, although not a sports fan, loved this book. She said, "It has creative illustrations and good rhymes".

A really sweet book that conveys a love of America's favorite pastime as well as affection and encouragement for kids who will someday love it too.
