Customer Reviews

Two of our most enjoyable experiences when we visited Lyon earlier this month came directly from information we found in this book!It gave us details about the summertime concerts held in the ancient Gallo-Roman theater, which we had not heard of from other sites, and directed us to where we could find more information. As a result we attended an immensely enjoyable event there.It also provided information about nearby towns, including a walking tour that once again we did not hear about from any other source. The self-paced historical walking tour of Vienne is free; an English-language audioguide (like the kind you get in a museum) was very reasonably priced - another enjoyable experience!Some of the information was out of date - for example, you no longer need a guide to visit the Temple of Augustus and Livia in Vienne - but that was easy to check via the additional web-based sources mentioned in the book. So I wouldn't say to depend on it for every little thing, but it will definitely open up possibilities you might not learn about otherwise!

This book was a GREAT accompaniment to my three day weekend in Lyon! Highly recommend! Great city!!

I ffel that the book will help us enjoy our vacation. I found it very helpful while planning our trip to France
