Customer Reviews

Without a doubt, the Monocle Travel Guide Series has become my favorite travel publication. Fodors, Frommers, Rick Steves and everyone else should take notice. This is my second Monocle

Travel Guide, my first being Hong Kong I used in September. I am impressed with the attention to detail; "Things We Would Buy," essays from locals and visitors, built in book mark and much more. This is the only book you need to plan and experience your travels. A slim decorative hard cover, no need to worry about wear and tear on the guide during your travels. The only recommendation we would make, include a map insert that can be taken out of the book. Lots of great map cross sections, but an overall removable map of the city is the only thing missing. Our travel plans have been made easier with Monocle and no longer a need to carry 4 travel guides and take up valuable space. Highly recommend, Monocle is rewriting the travel world.

Not bad
