Synopsis

Inspirational words on parenting from the beloved Fred Rogers, showing appreciation for parents whose children are grown as well as giving advice to those parents raising young ones Fred Rogers has long been a wonderful resource for parents, offering their children entertainment and education through his enduring television show Mister Rogers' Neighborhood. Now his special brand of good cheer and wisdom are brought together especially for parents in this newest book based on never-before-published works. Many Ways to Say I Love You is a treasury of segments from speeches and observations from his years of working with parents and children, as well as other materials from books, songs, TV commentary, and more. Using stories from his own life, Mister Rogers discusses the importance of children and the role of parents.

Customer Reviews

Fred Rogers was the host of Mister Rogers' Neighborhood for over 30 years. He earned a degree in music composition and was a floor manager at NBC on their earliest shows. He studied at the University of Pittsburgh Graduate School of Child Development. He graduated from the Seminary and was ordained a Presbyterian minister in 1963, with the specific charge to continue his work with children and families through the mass media. Fred Rogers received every major award in television for which he was eligible, including two Emmys, and is a member of the Television Hall of Fame. He received the Presidential Medal of Freedom in 2002. He is survived by his wife, two sons, and two grandsons.

This would be powerful advice for parents even if it weren't culled from the writings of the great Fred Rogers and read by a group of splendid actors, all joyously resonant and deeply committed to the material. What these readers express in this potpourri of compact, almost aphoristic, lessons is Mr. Rogers's gift for lifting children above their insecurities and vulnerabilities. His very presence on the TV screen provided kids with a sense that they were connected to someone affirming, steady, and protective. A touching forward by the widow of the late TV personality captures the focus of his life's work and the enduring optimism he communicated so well to children and parents alike. T.W. Mr. Rogers is one of the nicest, kindest, and gentest people I have ever seen. I wish I could have met him in person.

I bought this for my son's family with his first daughter. It is beautifully written and contains much wisdom. Thank you!

Our tiny baby loves listening to us read from these books.

This book is being sold by some companies claiming there is a new process to publishing books. This attach are two photos, of two books from the same series. Let's say there was a new publishing method, this would not account for the bent pages. Even if the pages were meant to stick out oddly, surely they aren't meant to bend and rip. Unless shredded is the new look. One company sent the book produced the correct way and the other made excuses. I would avoid purchasing this book in particular.

Nice tribute from his wife. Quotes and thoughts from the man himself over his time as a parent.

I loved watching Mister Rogers on tv as a child and I love watching the reruns on Prime with my son. Mister Rogers is a true inspiration to me and this book contains his pearls of parental wisdom. I recommend this book for all parents.

I'm loving the wisdom from within these pages!

Who better than Fred Rodgers to put things into perspective. I loved this man as a child and now that I am a parent have an entirely new appreciation for him and his soft wisdom. Please read this and all his other books. They are easy and just make you feel better.
