Customer Reviews

The written information & hyperlinks are useful but you do not get the helpful maps you get in the hard copy. In the end, I had to borrow the hard copy to look at the maps. I would advise getting the hard copy version, not the ebook.

Lonely Planet guidebooks are my go to resource for planning trips. There is a consistency in each book that helps in my trip planning. I enjoy planning my trip itinerary instead of having one that is pre-arranged with a tour operator.

Great read. Very helpful while in Cambodia. Can’t say enough good things about this purchase
