Pronounciation guide written from a Brit’s point of view I think. A little confusing for Americans.

Great way to start your voyage into dutchlandia!

Really not all that necessary, insofar as the Dutch speak better English than we do in the USA. But contain all the basics in a very nice pocket-size format.

It helped me very much for a little book it has so many words and also more information about it

It has an awful lot for a handy little book. I keep it on the kitchen table for frequent reference.

Very good book well written and very useful information and words for those learning and needing dutch quickly.

Nice and small size great to fit in my purse on my upcoming trip to Amsterdam!

Nifty book. Should come in handy
