Customer Reviews

This is a very handy book for European Portuguese. I have used other Lonely Planet small phrasebooks for France and Italy and found them very helpful as well as very convenient due to their size. I have ordered several of these to use as a gift for guests who will be attending a family wedding in Portugal.

This was the only book I really needed when I visited the azores. It was easy to jump around and find what I was looking for, and the few people who I used it in front of really appreciated my efforts. I was particularly fond of the "Words to listen or watch for" features. It is broken up nicely for different types of conversation and packs a lot of content into small spaces, which makes it much easier to use. Not as big on cultural content, but that makes sense because it could be applied to some very different cultures (portugal versus brazil).

My criticism is that I think the phonetic spellings of the Portuguese words are a bit confusing to me. I have many other language books and the phonetic spellings seem to be more understandable.

Gift for someone! Thanks for making available!

It’s a nice and handy little book.

So helpful! I love this, I practice when I have the time but this will be great for when I go to Portugal in a few months.

Great size! I carried it with me all through Portugal.I appreciated the easy layout of the book. I could find the phrase I needed by color code.

This is an excellent Portuguese phrase book. I like that it’s the European form of Portuguese rather than Brazilian, since I’m planning a trip to Portugal.
