Merriam-Webster has been creating America’s bestselling dictionaries and thesauruses for more than 170 years, representing a tradition that dates back to the creator of the first dictionary of American English - Noah Webster.

This was the dictionary the school teacher wanted. Pages seemed a little thin, but it’s lasted well so far, even in the binder with pages being turned.

This is a reference work not worth the paper it’s written on. It is made like an exercise book and has a limited amount of words. Don’t waste your time or money and invest instead in a proper reference dictionary. This one is for someone who only wants a very basic reference tool.

This is notebook size and fits in a 3-ring binder without taking up much space. Easy to read, easy to

carry, and has all the basic info for Spanish students to learn and study. Inexpensive also which is a big bonus! Muy bueno!

I bought this to help me through my elementary Spanish classes. It had all the words a beginner would need. It also includes a few verb conjugations and miscellaneous info in the back that may be helpful for beginners. I would DEFINITELY recommend this dictionary to any beginner. It is also extremely cheap and you definitely get more than you pay for!

My sister was happy with this, she needed it for school.

This is a perfect dictionary for the student just getting into the language. I bought it for my 4th, 6th and 8th graders, and each of them found them easy to use and useful in both the classroom as well as for homework. Don’t let the price fool you, you geat alot of value in this book. Buy one for the house and one for school.

Price is a great price for this item! It is used frequently at school and holds up pretty well!
