Customer Reviews

Ok ladies, everything in this book is correct. It works. EXTREMELY WELL! I was stumbling along, doubting and feeling like it couldn't work. My situation seemed hopeless. But I remained faithful to the process in the book and suddenly BAM.. my man came back into my life and repeated what I had visualised! Lanie was even there to soothe my doubts. This is a wonderful and empowering book. Do yourself the biggest favour of your life and read it now.

Powerful book and the results are scary!ÃƒÂ Ã Å¸Ã â ™Ã ËœÃƒÂ Ã Å¸Ã ËœÃ Å

I normally do not post reviews, but in this case I felt the need to. I've been using the technique and seeing results. It could be a coincidence but it keeps happening. The technique is good to use in your everyday life. Your mind and thoughts are powerful. I recommend this 100%

Got to read this!!!! It was crazy . I used it on my commitment phone boyfriend after we broke up. I tried this and we hadn't talked for 2 months . He texted me to see how I was doing . Amazing. I love

the author too , can’t help giggling about the way she puts things!!!!

Lanie’s books hace saved me from the lowest point in my life. I owned all her books and the techniques truly work if you would just spend a few minutes of your day practising them. They are real, effective and work fast. You won’t regret buying the books I promise. And they are at such a low price I cannot think of a reason why you are not getting them. Million thanks to Lanie you are really a goddess.

I loved the way this book empowers woman. It’s not that I am a feminist. I just feel it’s time for women to take back our power. We need this now more than ever.

I’ve used Lanie’s technique several times and each time it worked like a charm! The technique is really simple, but it works! I tried it on my love interest and each time, he came to me just as I visualized. Give this book a try. You will not be disappointed.

First of all I would like to say I rarely write reviews. I am open minded, but of course was skeptical of this book.Like a lot of women who are probably reading this you may find yourself in the same dilemma as me- we are great women, who are loving and have a lot going for us, but we just can’t seem to keep a man (or at least the man we want).I have been using this technique for more than a few months now. I have definitely seen many signs that it is working, it has been slow for me but that doesn’t matter because it DOES work!The thing you have to understand about this book is that it empowers women, gives us confidence and makes us a magnet to the opposite sex! I know that this technique will not only bring me a man I deserve, but will perfect any relationship I have in the future! Thank you Lanie for giving us this gift! Try this, you can not lose-only gain!
