Customer Reviews

I am so very pleased with this book, I already knew what I was looking for in a soulmate , but this book confirmed that I was on the right track:-)I will for sure suggest this book to anyone who needs guidance in finding a soul mate!

I loved reading this book! It helped me a lot.

Great book!

With some books, one has to go a ways into the read to feel enticed to go on. But "Soul Mates by God" drew me in immediately. The initial presentation is based on someone's own personal experience, and I found that awesome! For one who loves to read, I wanted to continue to go on and on. I believe this book will be used by many to look at finding a mate in a far different way than society does at this point in time."Soul Mates by God" is a MUST READ for anyone looking for a mate.

I was actually pleasantly surprised by this book. I was almost expecting this to be like a lot of the books you'd find in the Christian Living section of your Christian bookstore; books that offer solutions or insights without involving God, or only involving Him minimally. This book was not like that. While it did offer me steps I could take myself, it kept the first things first. (I'm trying to be respectful to the authors and giveaway as little of the book as possible.) I appreciated that and will have no problem recommending this book to friends and family I think would benefit from it.

I recently went through a time in my life where I was laid up recovering from several surgeries. I spent it reading a lot of dating books, and learned many things I was doing wrong. But I also learned I had a hole in my heart that I was trying to fill with a man, which I was told to develop hobbies, put myself out there, flirt, but play hard to get, etc. but I still had that dang hole. I learned that this is the job of the Holy Spirit, and only my walk with Christ can fill it. The pressure is off of me, I don't need to go on a man hunt, but trust that God has a perfect match for me, in His perfect time. Not that I am going to hunker down in my house and wait it out, but let the Holy Spirit work on me, and deal with the baggage I am carrying. This was a very practical book, easy to read, with lots of real life examples.

This book is a MUST READ for any adult looking to meet their perfect match! I truly wish I had this book available when I was a young woman dating and looking for the right husband. I was uninformed, naive and misguided when I married the first time. As it turned out, his spiritual and moral beliefs were very different from mine, causing constant conflict. No one should have to live that way. Children should be raised in a loving, peaceful home with two parents that clearly love and respect one another. For single individuals looking for the perfect mate, read this book! Parents, buy

this book for your young adult children to provide them the valuable information they need when they start dating. What a valuable gift for a friend that’s gone through a divorce and hopes to choose right the next time!

GREAT INSIGHTS to let God find your soul mateUnfortunately this isn’t my first rodeo. In the past, admittedly I relied largely on my own feelings as to what was the "right" relationship. After reading this book, I believe I’m now much more prepared to get out of my own way and allow God to guide and help me make the right choice. I’d definitely recommend Soul Mates by God to my single family members and friendsÃƒÂ¢Ã â ¬Ã Â¦and I have.Tyler H.
