Synopsis

Get more out of your lesson planner than just a place to record grades and attendance! A new school year means a new "grade book"--a place to put everything that you need to keep your classroom running smoothly. But can your lesson planner do more for you than just give you blank pages? Yes! The Organized Teacher’s Lesson Planner goes beyond this and offers content--critical information like forthcoming dates for African American History Month, National School Bus Safety Week, or International Stuttering Awareness Day. It offers you classroom management hints and tips and other helpful sidebar checklists and quick ideas. The spiral binding allows you to lay the book flat or tear out used pages as desired, and the cover’s heavy cardstock will sustain the wear-and-tear of an average school year. Do more with your grade book; get the The Organized Teacher’s Lesson Planner and expand your teaching possibilities!

Kimberly Persiani-Becker, Ed.D., is a tenured professor of Curriculum and Instruction at California State University, Los Angeles, teaching courses in

Classroom Design and Management, Classroom Discipline, English Language Acquisition and Multicultural Children's Literature. She presents at local and international conferences for bilingual education, children's literature, gender equity and moral and character education.

This book is a all in one book and is perfectly structured for that first year teacher. I currently bought one and still waiting to have my own classroom so that I can utilize this item as soon as possible. It is a great gift for those who are teaching as it serves as a functionality lesson planner for all teachers at any teaching grade level.

Used it before and it's great. I need another one but you were all out!!!!!

Full of space and fun information for each month. Definitely a keeper!

This planner is an invaluable asset for any teacher.

The best lesson planner with important dates, weekly quotes, and daily current events relevant to elementary education. In addition, it contain classroom information and grading sheets.

I love this lesson planner! It comes with great ideas and themes to discuss each month, pockets, and a ton of extras that are useful for a creative teacher. Can't wait to use it!

love it thank you great book

I love the contents of this planner. However, the spiral binding is fragile. The pages easily tear out. Creators need to seriously consider a three-ring option or thicker pages.
