Synopsis

Look, but don’t touch.... She might as well wear a neon sign that says it. It just makes me want her more. She might be above me in every way, but I still want her under me. I’ve got no business touching her rich-girl skin, but that won’t stop me from stealing a taste. Because rules were meant to be broken - especially when the prize is so fine. In a world where nothing is as it seems, what’s buried beneath these lies?

Customer Reviews

this was not my favorite. the author doesn’t seem to want too much given away about who the leads are for this novel, though i suppose it’s the male lead in question and not so much the female lead. the problem is, i wanted the other guy to be the lead. i liked him so much better than the guy who wins out. and part of the issue is that the secret at issue isn’t really all that surprising. like i suspected it from the previous novel, but to keep the secret viable and to make it a surprise it means that while we get to know valentina well, even though we were only introduced to her briefly in beneath these scars as she and yve share a violent episode in their past, we don’t really get to know the main character really. one of the reasons i liked the other guy better was because he’d made enough appearances in the previous novels to be someone i wanted to root for. so now i am dying for the next book in the series because i hope it is about him.

I have loved Meghan March’s work since I discovered Beneath This Mask and that had been my

favorite out of all the books in the Beneath Series...until now. And I have no words that truly encompass just how much I enjoyed this book. I'm coming up short but it is a definite MUST READ.Beneath These Lies was so goooooood--it was one of those books that pulls you in from the start and you feel like you know what's going on until BAM! You don't. Like, you really don't and your mind is blown, but in the best way possible.I enjoyed getting to know some of the recurring characters better and look forward to what's next in this series. Please just go ahead and one-click this book. You won't regret it.

I have read all the "Beneath Series" books and this one was probably one of my favorites, Even though, I thought I would not like the love triangle that I read from some of the reviews, I got caught up in how these two alpha men went after what they want along with dealing with what they had to let go of. At first, I was hoping that Hennessy and Valentina would evolve, but some how Rix intensity just sucked me in. This has a very serious story-line and my heart was torn for all the characters due to what happen in Valentina past and the present, The ending definitely has a twist that made the story incredible. As with all of Meghan March's books, you won't be disappointed and all her audio books are fabulous due to the amazing narrators.

This is the fifth and (currently) final book in the Beneath Series. I hope there are more.This is my favorite. The series ended on a bang for me. I read all five books in one week - this one in a day because I could not put it down.This is the story of Rix, Valentina and Rhett. It's mostly about Rix and Valentina though. Rhett is an important part of the story - you will cheer for him, you will cringe with him and your heart will be broken along with his. But in the end, you'll cheer some more. I don't want to give away the story because it IS so very good.Read it!

This is hands down the best book of the series. Rix and Valentina were perfect for each other. I could not stop listening to this book. I had to know how it ended. I loved the plot twist at the end and now I really look forward too Hennessy's story.As always the narrator's are amazing bring the characters to life and they have both become favorites of mine. Now to power listen through Bishop's story.

Meghan March just keeps taking me by surprise! The twists in turns of this story just gutted me! Rix was the Alpha Valentina never knew she always wanted! This is a story you will not be disappointed in!Ok gotta run! Getting ready to dive into BISHOP'S STORY RIGHT! I'm on a mission! Rhett is

getting very very impatient! *now more than ever I need Rhett to get a happily ever after!!!

This was the fist book I read by the author and i was hooked from the beginning. There were many twists and turns and a plot twist that i didn't even see coming. This was an awesome read with lots of hot scenes and suspense and twists. I really enjoyed this book but be warned.....this is not a fluffy book. It's dirty amd gritty amd epic and it does end in a HEA.

This is the best book in the series. The 1st one is my second favorite.I finished this book and told my husband through tears, "I finished all 5 books from this amazing author and now I have no idea what to do with my life!" He thought I was joking til I started legitimately crying. I want more!!!! I want more of the Detective (sorry, it's not in front of me and I don't remember names very well) and really REALLY loved him in this book. He was a stand out character even if the poor guy doesn't seem to be destined to ever have a happily ever after.Spectacular writing. You are very gifted, in a way many romance authors are not. You're not repetitive. I was never bored. I was even a bit surprised by the ending! I insisted my friend read these ASAP. I will be recommending you the second I find out any of my friends are into romance with truly great writing and alpha males. This was not a genre I was interested in until I read your books, Meghan! Thank you so much for creating such marvelous characters who wind through each book. You have really created this entire universe here in your books that has been so much fun escaping into, and I hope there will be more.Thank you - the pleasure has been very much mine!
