Customer Reviews

Learn How to Quickly Solve Difficult CHFM Test QuestionsHere’s a little "secret" about the CHFM Test: the CHFM test is what we in the test preparation field call a "content driven" test.While some tests are looking to see what you are ABLE to learn, the purpose of the Certified Healthcare Facility Manager (CHFM) Certification Examination, offered by the American Hospital Association (AHA) Certification Center, is to test your understanding of what you have already learned. The goal of the CHFM test is to use a standardized testing process to create an objective assessment of a test taker’s knowledge and skills.In other words, it’s more about what you know than your ability to solve clever puzzles. This is good news for those who are serious about being prepared, because it boils down to a very simple strategy:You can succeed on the CHFM test and become a Certified Healthcare Facility Manager (CHFM) by learning critical concepts on the test so that you are prepared for as many questions as possible.Repetition and thorough preparation is a process that rewards those who are serious about being prepared, which means that succeeding on the CHFM test is within the reach of virtually anyone interested in learning the material.This is great news! It means that if you’ve been worried about your upcoming CHFM test, you can rest easy IF you have a good strategy for knowing what to study and how to effectively use repetition to your advantage.But it also creates another set of problems.If you tried to memorize every single possible thing you can for the CHFM test, the field of possible things to review would be so huge that you could not hope to cover everything in a reasonable time.That’s why we created the CHFM Exam Flashcard Study System: we have taken all of the possible topics and reduced them down to the hundreds of concepts you must know and provided an easy-to-use learning method to guarantee success on the CHFM test.We wanted this system to be simple, effective, and fast so that you can succeed on your CHFM test with a minimum amount of time spent preparing for it. --Here Are Some of the Features of Our CHFM Exam Flashcard Study SystemStudy after study has shown that

repetition is the most effective form of learning- and nothing beats flashcards when it comes to making repetitive learning fun and fastFlashcards engage more of your senses in the learning process- you "compete" with yourself to see if you know the answers to the questions, and the flipping action gets you actively involved in the learning processOur cards are printed on heavy, bright white 67 lb. cover stock, and are laser printed at 1200 dpi on our industrial printers- these are professional-quality cards that will not smear or wear out with heavy usageWe cover the major content areas on the examOur flashcards include an edge that is micro-perforated, which means that you are much less likely to have a painful papercut on your fingers when moving quickly through the cardsOur cards are portable, making it easy for you to grab a few and study while waiting for the bus or the doctor, or anywhere where you have a spare moment that would otherwise be wastedOur CHFM test cards are written in an easy to understand, straightforward style - we don't include any more technical jargon than what you need to pass the testThe cards are a generous size- 3.67 x 4.25 inches- they fit perfectly in your hands and they aren't so small that you have to use a magnifying glass to read tiny type- all questions and answers are in a normal-size print for easy studyingOur concept cards include in-depth explanations- you won't see any "one word" answers on our cards that require you to go get a textbook to understand why your answer was wrong- all of our cards include generous, thorough explanations so you not only get it right or wrong- but you also know why!We use a font created by Microsoft to make reading easier- this will enable you to absorb more information painlessly during late night study sessionsOur system enables you to study in small, digestible bits of information- unlike using boring textbooks, flashcards turn learning into a "game" you can play until you've mastered the materialIt's easy for a friend to help you study- they don't even have to know anything about your CHFM test- if they can read, then they can quiz you with our flashcards!Now, let us explain what the CHFM Exam Flashcard Study System is not. It is not a comprehensive review of your education, as there's no way we could fit that onto a single set of flashcards.Don't get us wrong: we're not saying that memorization alone will automatically result in a passing CHFM test score- you have to have the ability to apply it as well. However, without the foundation of the core concepts, you cannot possibly hope to apply the information. After all, you can't apply what you don't know.CHFM Exam Flashcard Study System is a compilation of the hundreds of critical concepts you must understand to pass the CHFM test. Nothing more, nothing less. --If you think there's even the smallest chance that these flashcards will help you, you owe it to yourself to try them out. Don't let fear or doubt stand in the way of your opportunity to achieve the test score you need to fulfill your dreams.

perfect item

Generic information.

The info provided is just what I needed. I would recommend this product ÃƒÂ Ã Å¸Ã ËœÃ â

The book is a good start and an invitation to find knowledge and resource necessary to be an efficient healthcare facility manager . This is in no way a tool to help passing the CHFM exam if you don’t have healthcare facility experience .

I like the simplicity of the flashcards.

Inaccurate, bought cards based on reviews. Won’t make that mistake again!

Very happy with this product. Great way to study.

I was convinced by the description this was a good product. After I received it I found out it was not going to be a good study guide and was certainly not worth the money. The Compliance section had no real questions and the descriptions were poor at best. There may have been some good information for someone in high school but that was it. No formulas to use on pay back, nothing on FTE calculations, just nothing. I went ahead and invested more money on a real study program. Not worth the money or effort. Great marketing though.
