Good analysis

Bought this with the original book, just to see if SparkNotes still has a spark. They DO.

Excellent in every respect !

Excellent backup per the student I gave To Kill a Mocking Bird

excellent

Great guide to the classic book. Very helpful to my teenage son reading it for Honors Literature in 10th grade

very helpful

While working as a long-term substitute in a Freshmen English class, I was given the opportunity to teach 'TKAM'. Firstly, I absolutely adore the book. It is relevant, beautiful, inspired, gritty, and loaded with meaning and symbolism. Although I can adequately instruct in an English class, it is not the subject in which I am endorsed. As such, any resource that might be of benefit to me (and therefore the students), is helpful.This was essentially worthless though and of minimal value. It glosses over multiple themes and topics worthy of commentary. I suppose that it may be of use if you are a student unwilling to read the source material. As a supplemental tool though, I would not recommend it. Just scan their online material and you will achieve the same level of depth and insight.
