Customer Reviews

Original Language: English

Volodymyr KubijovycÃŒâ was a noted Ukrainian geographer and editor-in-chief of the Canadian Institute of Ukrainian Studies at the University of Alberta/University of Toronto.

This is an excellent encyclopedia, and free of the taint of Soviet propaganda. I read it mostly for the capsule biographies of historical figures, many of whom get no ink the familiar encyclopedias, nor even many electrons on the internet.The problem is that the fat volume of print and the one-page map which goes with it have been assigned the same ISBN number. Thus, it is easy for the seller to mistake the map alone for the entire book. It is a very good map, the best I have seen, but at the advertised price, you’re supposed to get the fat book, not just the skinny map.The volumes after Volume I do not have this problem.
