## Customer Reviews

This is not a comic strip book....a simple image book....really not as fun as a real mickey mouse comic book

I like this because its mickey mouse, but its rather long winded. My two year old has a hard time sitting through it. But im sure a slightly older child would be fine.

Ever since my kid went to Disneyland he has Mickey mania and loves to watch the adventure of the same name on TV. I bought the video also and watching the video and reading from the book at the same time actually encourages him to read and makes him happy too! Can't beat that!

Super Mickey is super fun in our household. My kiddo was so excited to get this book.

My 3 yr old grandson "Loves" this book.Very nice sturdy MICKEY book.

My 3 year old daughter loves the Super Adventure episode. Since watching this episode every night is not an option, she loves this book. We read it every night at bedtime. If you kids like the show, they'll like this book.

Super cute

Very good material and our great grandson love it!
