Customer Reviews

This gift I had to read to the three year old I bought it for and the little genius read it back to me!Lovely book we had to go through each page carefully!He did not want to miss a thing and walked around all day SAVING THE DAY!

My 4 year old son is obsessed with cat boy. He is reading on his own so I was very excited to see him read about his fsvorite character on his own. Thanks for a great book to add to our collection.

While I very much dislike this show, this book was cute, and the lettering is very clear for kids who are just learning to read!! Happy with this book :)

Ready-To-Reads are great books for learners. Our twins love PJ Masks, and they love working on learning to read this story.

Our grandson who is 4 loves PJ Mask. He plays with these in the car all the time. Nice size convenient to carry when traveling.

Great book for PJ mask lovers! Very simple and short with colorful pictures, my 3yr old loves it

Sort of a stupid book. My three year old could have cared less about this story. The books pages are vibrant, but the construction of the book is poor.

Easy reading large size print. Great for early readers
