Priscilla ShirerÃ Â is a homemade cinnamon-roll baker, Bible teacher, and bestselling author who didnÃ¢â ¬â„¢t know her booksÃ Â (The Resolution For WomenÃ Â andÃ Â Fervent) were onÃ Â The New York TimesÃ Â Best Seller list until somebody else told her. Because who has time to check such things while raising three rapidly growing sons? When she and Jerry, her husband of sixteen years, are not busy leading Going Beyond Ministries, they spend most of their time cleaning up after and trying to satisfy the appetites of these guys. That is what drove Priscilla to dream up this series--to try to raise up a new generation of Prince Warriors under her roof. And

under yours.Ã Â Ã Â

We bought this for a Christmas gift for our son. Now that we have it and have had a chance to read through some of the devotions, we will be ordering one for our nieces and nephews too!

Love this!!!!! The paper that the devotionals are written on is very rustic looking yellow paper with a rough edge to make it seem old. This is a very good and appropriate look for the book. I don’t know about another devotional out there that addresses the Unseen world or the real enemy. The devotions are just a page long. They each end with "actional intel". That gives the kids/teens a way to put what they’ve learned into practice. It’s not frilly, but I think girls would like it too.

Deep devotional is great for all

Well written. Applicable for youth and adult. Scripture based. Reasonable price.

Great devotional book for young boys!

I got this for my son and he loves it.

Unseen is a devotional book for boys. As a mother of several sons, I can tell you that this book fills a much-needed gap in the Christian book market! Trying to find a devotional book for boys that reveres God’s word is a tall order!The overarching theme is the armor of God. This is a book about teaching young men to see the spiritual battles they are facing, how to use the spiritual armor they have been given, and how the glory for the battle belongs to the King.If you’ve been reading Priscilla Shirer’s fiction series for boys (The Prince Warrior series), you’ll understand the concept right away. The Prince Warriors is an elevated series of preteen fiction. Most books in that genre are about entertaining boys with "My sister is the worst" or "body odor" humor. In contrast, Ms. Shirer’s books are about painting a vision of what maturity can look like. The books set an example in virtue and in choosing right actions. They show character in a man’s heart and mind, and help demonstrate how to think like a man (like a warrior) by example.This devotional book takes that a step further. It’s like she’s saying, "You liked those guys in those books? Good. Now how will you live like that?"The devotions are short- less than a full page per day. They reference scripture, and you’ll want a Bible alongside as you read each daily page. There’s also some journaling prompts here and there... it

would be a good opportunity to start a journal with your young man for thoughts, prayers, and prayer requests.The days are numbered, not dated. You can start on any day of the year as "Day One."I do wish the book were hardcover (like the fiction books in the series). I don't know how well a paperback book will survive a year of daily use by my sons. It's fun to hold, though- the page edges are textured and the cover is indented. It has the feel of a hardcover book without the durability. But you know what they say... don't judge a book by its cover!The content is wonderful, and I highly recommend this book. The conversations being sparked in my home are worth every penny and so much more.

I got this for my son because he read the series and loved it so much but I think I like it more then he does.
