Great little coloring book with animals not usually put in kids coloring books. Scan and enlarge the images so you can print them at a good size for your little one. Teaches your child coloring in the lines, names of the animals, and reading. The paper is of a good weight - you cannot see the image on the back side. Animals presented in alphabetically order. My only complaints are: a few of the animals (a very small portion of the book) don't look quite right to me... but the rest is wonderful and well worth the purchase of the book. Also, most of the names are very specific as to the species but then the camel is just a camel... I wish they kept the specificity throughout the book. Lastly, the tortoise is labeled a turtle - there is a difference.Here is the the list of the animals:- Aardvark- Addax- Adelie Penguin- Alligator- Armadillo- Baboon- Bat- Beaver- Bighorn Sheep- Bison- Bobcat- Bottlenose Dolphin- Camel- Cape Buffalo- Caribou- Cheetah- Chimpanzee- Crested Porcupine-

Eagle- Elephant- Fawn- Flamingo- Gazelle- Giraffe- Goat- Gorilla- Grizzly Bear- Hawk Owl- Hippopotamus- Kangaroo- Leopard- Lion- Llama- Moose- Mountain Goat- Mountain Lion- Musk-ox- Opossum- Orangutan- Panda- Pelican- Puffin- Rabbit- Red Fox- Rhinoceros- Saki Monkey- Sea Lion- Snowy Egret- Swan- Tarsier- Three-toed Sloth- Tiger- Turtle (really a tortoise)- Vervet Monkey- Walrus- Weasel- White-tailed Deer- Wolf- Yellow Rat Snake- Zebra

This little book serves its purpose as a first coloring book for my 18 month old. Obviously, she has no interest in what she is coloring, but gives her something to work toward without being too detailed or complicated. The animals are cute, the paper is thick enough to hold up, and rough enough to take the color easily.

This is significantly smaller than I expected, but is okay. My kids don't seem very interested in it yet. But, I'll pack it away for when we are traveling and I think it will be easier to use then than the standard full-sized coloring books.

This is a neat little coloring book, which includes a wide variety of animals. The only caveat is that it's small, about 4 x 6 inches not 8 x 11, as a full-sized coloring book would be, (Its product description mentions its size.) Probably best used for traveling to keep the little one occupied as they'll be able to color a picture in less than a minute before moving on to the next page.

I sponsor a child through World Vision and other than the monthly monetary donation, all additional gifts need to fit in a 6x9 envelope. My little girl is 6 and likes to draw and color, but it's hard to find coloring books small enough to fit in the package. This is just the right size and fits nicely in the envelope with enough room for a pack of colored pencils. The book itself has a wide range of animals so I'm sure it will be entertaining to look through.I'm happy that this line of coloring books exists so that I can send more in the future!

Easy way to ship a treat to grandchild.

great

I was looking for coloring books to have in my purse for when I'm out with my kids. Keeps them entertained at restaurants and while shopping.This was the perfect size! A lot more pages than I

was expecting as well, just over 62 pages to color.
