Synopsis

Business Plans : The Business Plan Writing GuideLearn How To Write A Successful & Sustainable Business Plan Starting your own business can be an exciting time. You have a great product or service that you want to get out into the world and share with those you know. But there is just so much that you need to do in order to get started. One of the first steps that you need to do is work on your business plan. This is a guide that includes all of the information about your product to present to a potential investor to help you get started. You would include information such as what the product is, what the market for the product is, and how much funding you will need. This is all going to seem a bit overwhelming at first, but it is stuff that needs to get done if you want to see your dream become a reality. Use this ebook to help you understand more about a business plan, what information you need to include in it, and how it can help you reach your dreams today.

Customer Reviews

It was refreshing to read a book on this subject on a more normal person view than an executive view. The information was outlined clearly with nice descriptions explaining the points. I took a ton of

notes even though it was a quick read. I connected with the author & would recommend this book. I will be looking for more books from this author. *I wasn't paid for this review*

This book is packed with loads of helpful tips in business. It's like an armor for an upcoming battle.It sure is a must have for anyone who wants to be a businessman.The book isn't very complicated as well. It really teaches someone to succeed in the business that they'll venture.Highly recommended!

I picked up this book at just the right time as I'm planning the beginning steps for a new business. The author goes into the benefits of having a business plan and why its so important. The author also goes into doing your homework, understanding investors, structuring your business, choosing a strategy, marketing, and more more. Great read!

I really like this book and really recommend who would like to build the business. It shows all the parts that important for the point for the business.
