David Barton is the founder of WallBuilders, an organization dedicated to presenting America's forgotten history and heroes, with an emphasis on our moral, religious, and constitutional heritage. David is author of numerous best-selling works and a national award-winning historian who brings a fresh perspective to history.

Three stars because of the well written, and informative content. Could have been five but it was listed as a book yet it is a phamplet or a booklet at best. I was disappointed because I love real books and like to display them on my bookshelf, however, this one will not join my book collection. I would have been satisfied had I been aware of what I was really buying. This is something you would find on a postcard rack in a souvenir shop. 20 pages of reading 5 pages of end notes (references)

David Barton is very knowledgeable. It’s comforting to know how much he knows. Great Book.

Just received it and have to read through it extensively but from what I already gleaned it is very informative and an eye opener.

Enlightening! You won’t find these truths in American public schools.

Clarified my thoughts. Thanks

Good information but is only about 20 pages. I was expecting a more, in depth, discussion on the topic.

thank you
