Joseph L. Cavinato is a professor at The American School of International Management. Ralph G. Kauffman is a professor at the University of Houston-Downtown. Anna E. Flynn is vice president and associate professor at the Institute for Supply Management. The Institute for Supply Management produces the influential Manufacturing Report, a monthly economic indicator.

People in the profession use this book as a bible... I was surprised to find a great price on it.

This edition is now 10 years old (published in 2006) and many of the ideas in it are obsolete.

A must have book for Supply Chain professionals

Much better than expected. Used for online course and going back to read more chapters.

The Kindle version is ok. It provides all the content needed but it does not provide page numbers or the option to zoom in or out to make it and easier read. Not having page numbers makes it difficult to follow along in a classroom setting.

This book was used for my purchasing courses. Its a fairly easy read and the language was understandable.

Awesome seller, the item description was accurate and received my priority mail in 2 day!!! Thanks a lot! ÃƒÂ Ã Å¸Ã ËœÃ Å
