Customer Reviews

Thick, dark lines make perfect, simple images for toddlers and small children. The pictures are simple and fun, yet engaging, stimulating and educational for young inquisitive minds. A great

coloring book! Very pleased with the purchase!!!!!!!!

Good for toddler with big pictures and letters.

My 3 year old niece loves this

My son loves this book. it’s simple so he’s not overwhelmed with too many images at once and combined with the crayons that are shaped like eggs for small hands, he has a blast coloring :) he’s 18 months old.

My nephew really enjoyed this book - very kid-friendly. Pictures were big and easy to color for little hands. Highly recommend!

This is perfect for toddlers and little kids! The blank images are big and bold and easy to color (although my LO just draws lines). Great product!

2 year old daughter loved it. I recommend not handing a toddler the whole book bc she went page to page scribbling and finished the book quickly. But she loved knowing the shapes/numbers and scribbling.

My toddler loved to color this book. There is a nice variation in shape and size so that it can be fun and challenging for different ages. But I’m docking one star because mine was printed upside down (and the page orientation changes halfway through).
