Gary explains Course In Miracles principles in easy-to-understand layman’s terms, and more importantly, what these principles mean to us as students of the course and spiritual seekers. In this 2-CD set, he goes through helpful techniques of putting the Holy Spirit in charge, a guided prayer of merging with your source, and a helpful review of forgiveness, one of the Course In Miracle’s main concepts and techniques for giving up separateness and experiencing oneness with our creator.The

principles, once explained, are relatively easy to understand, especially if you've had any background with Eastern concepts of non-dualism, such as those taught in Hinduism, Buddhism, or Taoism. Understand, yes, but they are not so easy to do. This is why Gary's teaching is helpful here. He understands how these principles work, and can show us how they work in our day-to-day lives, rather than them remaining concepts in a book that can be at times intimidating in its size and scope.Gary is a popularizer of the course, and every time I have heard him speak (on CDs, live appearances, or his podcast on iTunes) he remains true to course principles and doesn't try to water them down or interpret them in ways that would be more new age-friendly, or get him an appearance on Oprah. The course has been described as uncompromising, and can put quite a few people off because of this.Gary has been able to remain as funny, accessible, and human as possible, while still understanding and practicing these concepts as directed by the course. This is what makes him valuable as a teacher. He is a lot like us - average in many ways. However, his application of course principles and the results he gets, added to his ability to communicate his experiences in everyday terms elevates his teaching from above average to the inspirational.Above all, he wants us to taste and experience the course first-hand for ourselves, and not leave it up on the shelf. In the process of doing this, his presentation is often upbeat and practical. I find myself filled with renewed hope after listening to this CD set.

Gary reinforces the practical approach this spiritual path has to offer. So more repetition from our buddy The G-Man - but there's no such thing as too much repetition when it comes to hearing right minded ideas - so it's all good - as we need the repetition to keep us focused and motivated on the task at hand - or at least I do.In addition, Gary shares some new personal forgiveness lessons, including his divorce process, and talks about how animals, including pets, fit into the grand scheme of things.Of course, the importance of practicing true forgiveness is stressed in all of Gary's recordings and Fearless Love is no exception, since it is the one thing that will get us Home, as Pursah reminds us all in Your Immortal Reality "...there is no substitute for practicing forgiveness, and that's the spiritual 'life in the fast lane' that our brother J was teaching by both word and example 2000 years ago."Gary also guides us through the True Prayer meditation on this program very similar to that on his Secrets of the Immortal series, helping us to remember where we really are.Anything coming from Arten and Pursah through Gary, in addition to Gary's humor, will always get 5 stars from me. Giddy up! God IsGo to my profile for a link to my Disappearance of the Universe blog.

I am so grateful for this CD!!!! I use this every single day now. I listen to it in the car (but don't do the meditation part at that time) and also at home. I practice his advice and am happier in my life because of this. I really recommend everyone read The Disappearance of The Universe first though. No words for how grateful I am to Gary Renard and Mike Lemieux for their work.

Gary's books have helped me tremendously in understanding A Course in Miracles.....however, these 2 CDs are putting it all together in the most understandable way (for a non-intellectual like myself).My suggestion is: if you feel stuck with the Course read his DU book, get back into the Course and then listen to these 2 CDs....it's my time and yours NOW.....and we can't go back.With Love/Trudy

Fearless Love by Gary Renard is a two tape set that helps to answer many questions that most of us have about why we are here in the world, how we got here and what we need to do to go home, to reach God. This is well worth listening to. But, like any spiritual teaching, if you allow "The Teacher" to teach you the message, you will be truly blessed. Love and Blessings!

I bought these CD's and also enjoyed the informal way Gary presented. The really important BIG piece, (especially as a Course in Miracles student) was the incredible revelation about forgiveness that I experienced that Gary discusses. I have never heard it put in such a way and it truly brought me to a new level in my spiritual understanding!! I cannot stress this enough. If you are ready to hear it, it can be LIFE-CHANGING!!!

Love this CD set. It sparks some "Aha!" moments.

Fearless Love is the perfect way to spend time in the car on long distance drives. The cd time is approx 3 hrs and I listened twice on the same trip. Gary is easy to listen to and the lessons are simple and effortless. Thank you Gary for taking the time to help us all find peace within ourselves.
