Customer Reviews

My purchased books will not download, I am out of the country and I have no way to contact . I am not interested in reading a 26 page book about and the reviews do not give the phone number. I remember having a problem before and that is why I decided NOT to deal with prime. I wish there was some customer service, there is NONE readily available.

I will never order from again because I cannot get the information that I need. You don't provide a Customer Care phone number, and I am not purchasing a book to fine it. This is now the worst company to buy from that I have ever come found. I have been a steady customer for over 10 years, but this is the end of my ordering!!!!

What the heck???? Seriously??? You have to purchase an entire book to know how to contact customer service????? what kind of scam is this???

It's f---ing crazy you must buy a book to reach customer service.

This position of having to buy a book to complain about a product bought on which was not fit for purpose is an insult and presumably the profit is tax free as well as we all know that scam. !!! But wait there is no delivery charge. Well that makes it ok then.

This sucks, while trying to find a phone number to contact .com I somehow got charged for this. please keep it.

i do not own kindle. why do i need to pay to speak to a representative ?

You have signed me up for Prime on August 11 and charges $11.75 without my authorization. Please refund the money to my account.
