Customer Reviews

This is the second book of this most recent series which is an added instalment on the 'The Kings of Camelot' books. It is also well written even if it has the same ongoing problems with the proof reading (of lack of it), but hey don't let this stop you from reading another good story by this writer.I look forward to seeing what else these character's are up too!

OOmg I can't get over how these keep getting better and better. Excellent immersion, flawless character narration. If you love a great Arthurian era story and your mind is as big as your heart you will love this series.

I love this series, and the writing is awesome!

Now Sarah, when will we be able to read the next one????
