Synopsis

In this day and age, software engineers truly make the world go round. These professionals create all kinds of technical products, including the programs needed to make computers operate, the apps used on smartphones, websites on the internet, and the entertainment enjoyed by gamers. The best part about this career choice? The need for software engineers just keeps growing every year. In this title, readers will get an understanding of what this job entails, how to prepare for it (including training and education), and what a typical day as a software engineer is really like.
