Customer Reviews

Peter Kuhfittig has taught mathematics at the Milwaukee School of Engineering for over thirty years and has served as head of the department for over half of this period. His enthusiasm for teaching has resulted in an award for excellence in teaching, as well as an interest in textbook writing. He has been involved in applications of mathematics through occasional consulting work. More recently, Dr. Kuhfittig has turned to research in wormhole physics.

I bought this new, i received it with nicked and fading corners and the cover page has a bend in it. Besides that it is everything it says it is.
