Book by Arterburn, Stephen, Stoeker, Fred

This is a life-changing book. It broaches some very serious topics that affect men of all ages without dumbing things down. I would highly recommend this book for high school boys that have a pastor or male adult to discuss it with....but be prepared - it is not for the faint of heart.

The reader of the book is made to feel as though every young man is a sexual deviant-this is not a reality for every Christian boy.

Straight talk no-holds barred for your the teenage man. Solid foundation scripture based. Hits all the those hot sports, sexual activity, mattes of the heart and why he thinks the way he does. Good read.

Great book for youth group, however, there were things that were not relatable to Asian American students regarding family dynamics and such. It does have general principles and concerns. This is a well known problem as many books are written for white american culture perspective. Other than

that, it was a resourceful book for leading youth group students. You just have to contextualize well for your context.

This book was a good read for my son and I.

This book will help you realize how sinful sexual immorality, porn, and masturbation are but it does get repetitive towards the end. Overall good read.

My son read this book over a two week period and got a lot of practical keys for avoiding pornography and sexual sin .He learned the appropriate way to treat and view women. The book is written in a way that keeps a boys interest

A MUST READ for anyone who has a son especially in this social media day & age. Don't hesitate as you can't go wrong in helping your child and preparing them in these bombarding times! Suggest you read it first then have your son read it and review it together (father & son or Mom too). It was suggested to us by a licensed therapist and so glad they did.
