Customer Reviews

Wallpaper* City Guides are compiled by the magazine’s travel experts, both by in-house editors, and correspondents who actually live in the highlighted cities, providing up-to-the-minute information.

I absolutely love every single one of these guides by Wallpaper*. They are directed towards people more into art, design, and the more trendy locations in each city, but if that is what interests you, you will love them. They always recommend places where locals might check out and are not huge tourist traps. The restaurant and bar recommendations are always spot on!

This was a great help during our trip to Lisbon.

I did not find it useful at all.

I wouldn’t use this as my sole source of information when visiting Lisbon, and I don’t think it was intended to be that. I did think it was a handy little guide, small enough to carry around with you. It

had some decent, quirky recommendations, and of course the book itself is very stylish and aesthetically pleasing. In particular I though the architecture section was informative, and unique to this series of guidebooks.
